

Welcome to Fourth Grade!

We are so excited to have you in our class. Although our school year isn't starting off like any school year before, we are positive that we are going to have a lot of fun and learn so many new things.

Use the materials on your desk to make your own. They don't have to look exactly like these. Leave it on your desk to dry until you return. Be ready to name your desk buddy on the first day.

First Project!
Make a Desk Buddy

Welcome to Fourth Grade!

We are so excited to have you in our class. Although our school year isn't starting off like any school year before, we are positive that we are going to have a lot of fun and learn so many new things.

Use any materials around your house to make your desk buddy. They don't have to look exactly like these. The only rule is that it needs to be no bigger than your thumb. Be ready to name your desk buddy on the first day.

First Project!
Make a Desk Buddy
